

Anaesthetic Technician (MSCNZ) Registration Checklist

A practical, tickable checklist to work through alongside your Medical Sciences Council of New Zealand Registration Guide — so nothing gets missed on the way to registration.

Before you begin

Tick as you go

Tick each box on screen as you complete it. The items are grouped into stages, roughly in the order you'll tackle them — but you can work on several at once.

This checklist is a companion to the main guide, which explains the *why* behind each step. It complements, and does not replace, the official guidance of the Medical Sciences Council of New Zealand, who make all registration decisions.

One thing to know up front

The most important thing to settle first is your pathway. UK-trained technicians registered with the HCPC follow a streamlined route; everyone else is assessed individually. Confirm yours at Stage 01 and the rest of the process follows far more smoothly.

01 Before you start

Confirm your pathway before you spend money or gather documents.

- ☐ **Confirm which pathway applies to you**
UK-trained + HCPC-registered (streamlined), or other overseas (individual assessment)
- ☐ **Complete the Council's Eligible check form**
An early read on whether you can apply before you invest time
- ☐ **UK route: confirm HCPC registration in good standing**
Central to the streamlined UK pathway
- ☐ **Note the ~2 years / 3680 hours experience benchmark**
Full-time-equivalent post-qualification specialised experience
- ☐ **Note that fees are payable and non-refundable**
Confirm the current figures on the Council's live fees schedule before paying

02 Qualification & course information

What the Council assesses — course info depends on your pathway.

- ☐ **Certified copy of your qualification**
Certified true copy by a solicitor, Notary Public, JP, or Officer of the Court
- ☐ **Academic transcript in English (non-UK)**
Subjects, grades, and the grading system used — UK applicants exempt
- ☐ **Academic syllabus / curriculum (non-UK)**
Contents and hours for each year of study — UK applicants exempt
- ☐ **Clinical logbook, if applicable (non-UK)**
Procedures completed during the clinical component

03 Experience & identity

Evidencing your experience and confirming who you are.

- ☐ **Employer statement with dates, hours & job title**
Start and end dates, normal contracted hours per week
- ☐ **Up-to-date CV**
Relevant work experience and the countries in which you worked
- ☐ **Certified copy of your passport**
Or another government-issued photo ID
- ☐ **Certified passport-style photograph**
Certified on the reverse as a true likeness by a JP or referee
- ☐ **Evidence of any name change**
Marriage, birth or deed-poll certificate, certified

04 Registration & good standing

Confirming your current standing where you practise.

- ☐ **Evidence of current registration status**
For example, HCPC for UK applicants
- ☐ **Certificate of Good Standing (under 6 months old)**
From your current licensing/registration authority
- ☐ **Certified translations of non-English documents**
Supplied with the certified original

05 References

Two certificates of character, returned directly to the Council.

- ☐ **Certificate of Standing and Experience (personal)**
By someone unrelated who has known you 1+ years
- ☐ **Certificate of Competence and Experience (professional)**
Ideally a registered AT; or a recent lecturer/employer if not yet practised
- ☐ **Referees use the Council template**
Advise them to expect an email from the Council
- ☐ **References returned directly to the Council**
Not via you — they come straight from the referee

06 Criminal history

Police records with precise rules — easy to get slightly wrong.

- ☐ **Police check from each country lived/worked 12+ months**
From the age of 16
- ☐ **Produced by the National Police Authority**
Not a local or state office
- ☐ **Sent directly to the Council from the issuing authority**
Third-party pre-employment checks are NOT accepted
- ☐ **No more than 6 months old**
Time it so it's still valid at submission

07 English & cultural competence

Two requirements you can often get ahead of early.

- ☐ **Meet the Council's English Language Policy**
Several pathways — e.g. English-medium qualification, or a test result
- ☐ **Provide IELTS results if a test is required**
Confirm the current accepted tests and scores on the Council's live policy
- ☐ **Complete the Mauriora Te Tiriti foundation course**
Foundational Course in Healthcare and Te Tiriti o Waitangi
- ☐ **Save and upload your completion certificate**
Required as part of your application

08 Submit, register & after

Putting it together and what follows.

- ☐ **Assemble a clean, organised application in the portal**
Clear colour scans, certified where needed, consistent naming
- ☐ **Pay the (non-refundable) fee on submission**
Confirm the current figure first
- ☐ **Submit to the Council**
Processing aims for around six weeks once complete
- ☐ **Respond promptly to any Council queries**
Check your email and portal home page for requests
- ☐ **Registration confirmed (supervised practice may apply)**
A period of supervised practice or Work-Based Assessment may be set
- ☐ **Apply for your APC once resident / moving to NZ**
Required before you can practise — can't be issued in advance

HOW ETHICARE WILL SUPPORT YOU

You don't have to navigate this alone

If anything on this checklist raises a question, that's exactly what we're here for. We support and guide you through every stage — from first enquiry to starting work. The registration decision always rests with the Medical Sciences Council of New Zealand.
